

Dear Happy Corona Families,

As we move forward into another exciting season of learning and growth, we want to take a moment to reflect on the heart of what we do here at **Happy Corona**: our mission to balance academic development with social-emotional learning in a positive, nurturing environment. This mission drives every lesson we teach, every project we support, and every interaction we have with our students.

At Happy Corona, we firmly believe that the education of a child is not just about what they learn in textbooks, but also about how they learn to interact with the world around them. It's about empowering them not only with knowledge but with the emotional intelligence to navigate life's challenges with confidence, kindness, and resilience. That's why we're dedicated to ensuring that each child grows into a well-rounded individual who can live, learn, love, and lead in an ever-changing world.

Fostering Academic Excellence with Heart

We are thrilled to continue incorporating a **balanced curriculum** that challenges our students intellectually while fostering their personal growth. In our lessons, we combine rigorous academic content with activities that focus on emotional intelligence, empathy, and collaboration. This approach ensures that children not only succeed in the classroom but also feel equipped to handle the ups and downs of everyday life.

Building a Strong, Supportive Community

As we continue to grow as a program, we remain committed to building a strong **community**—one where students, families, and staff work hand-in-hand to create an environment where all feel valued and supported. Every day, our students come to Happy Corona not just to learn, but to engage in meaningful conversations, create lasting friendships, and share their ideas and dreams.

We are grateful to our wonderful **families** for their continued support in this shared mission. The partnership between home and school is key to ensuring that every child feels seen, heard, and supported. Together, we are not just educating students—we are building a community of compassionate, capable leaders who will go on to make the world a better place.

Looking Ahead

We have so many exciting things planned for the upcoming months, from **holiday celebrations** and **team-building activities** to **community service projects** that will help our students put their leadership skills into action. We will continue to blend academic learning with social-emotional lessons, making sure every child is equipped with the knowledge and the heart to succeed.

Thank you for being an essential part of the Happy Corona community. Together, we will continue to inspire our students to **live fully, learn with passion, love deeply, and lead with purpose.**

With gratitude and excitement,

The Happy Corona Team

If you have any questions or would like to learn more about our upcoming programs and events, please feel free to contact us. We're always happy to hear from you!
